Men's Walk #69	Oct 16-19, 2008
Women's Walk #70	Oct 23-26, 2008

Letter to the Community:

They say the polar cap is melting and the ocean depths will completely cover some of our states. Can you imagine that, without Jesus?

They say oil is nearly \$150 a barrel and rising. Can you imagine what we will do, if we do not know the One who made the oil?

They say a metropolitan bank recently had to close and lock its doors to stop a run on its monies. Can you imagine what that is like to believe all your earnings are gone if you did not know the most valuable item in your life is a relationship with the Creator of heaven and earth and all security?

Our eyes see scary things these days. We need to keep looking up, keep looking to Jesus and being filled with the strength of the Holy Spirit. How in this world do we face all the scary things that people say are threatening us? We keep in mind that this is not our home, we are made for heaven.

Scripture says, "Without faith it is impossible to please God, because anyone who comes to Him must believe that He exists and that He rewards those who earnestly seek Him. "

I sat with a friend a few weeks ago who had received a flash visit from Haw Creek on June 7th. Yet what she shared was not about the devastation, but how thankful she was for what she had left. She expressed one thing after another that she was so grateful for and recounted the help she had had from friends and from those she had never met before. Her first "skin-on" line of help came from a woman she had met on her Walk. The lady came and got her and also her parents, also displaced by the flood, took them home to stay with her and her family. The friend and her husband and the children worked tirelessly helping with the grueling job of clean up. She also expressed how her church had been there for her. It all sounded like praise and hope not what it looked like to the eyes.

They say a flood is coming to our town that nearly 2000 homes will be affected, and the two main employers in the town will suffer hundreds of millions of dollars worth of damage. They say that it will be so fast and furious that many will have to be taken out by boat because of water rising so fast one cannot outrun it.

continued next page...

Ill ones will have to be airlifted from the hospital because of one million gallons of water seeping up from the basement into the upper level. Can you imagine that without Jesus?

He will never leave you, He will never forsake you. That is the reason, we stay focused on Jesus, our Savior, God, our Father, and believe in the power of the Holy Spirit to meet us at each "They say". In the threat of the horror of the coming times, we must factor in Whose we are. He will be there with us. Story after story has come to light of the blessings shared in the time of the worst disaster to have hit this town and many surrounding towns in decades.

Keep your eyes focused on His presence and let Him think and provide for what "They say" is coming. What is coming is His eternal provision and His strength and power and grace until we get to what HE says is coming.

Because we are His,
Renée Kasting
Community Lay Director

Flights 29 and 30 will be including a new element for this Fall: the introduction of a Journey Table for each flight. While Chrysalis is geared toward 10th through 12th graders, a Journey is for those young adults ages 19 to 24. A Journey table would address issues pertaining to young adults such as college and entering the work force; among others. You will notice on the team roster that several of the members will be part of this new element. Please ask God who He would have you sponsor to be a part of this exciting addition to our community.

Fly with Christ!
Jay & Rachel Foyst
